

Fellow Block Captains;

Thank you for all y'all do! The meeting seemed to be a success and Council Member Marvin Kahlden was impressed with the showing. Special thanks to Russ Hart for his efforts on City project information. After going thru the sign-in sheets, the following is the attendance tally for our 490-home Heritage Neighborhood Partnership turf. The format for the numbers shown below indicate "homes represented / people in attendance / total homes on street".

| | | | |
|-----------------|--------|--------------------|----------|
| Edgefield | 4/5/48 | Dobree Street | 6/7/20 |
| Dobree Ct | 4/6/14 | Logan Drive | 3/4/17 |
| Laura Elizabeth | 6/7/34 | Richmond Ct | 2/3/15 |
| Richmond Cir | 6/8/41 | Laura Elizabeth Ct | 7/9/14 |
| Perry Drive | 4/6/55 | Nugent | 5/7/56 |
| Chrisman | 4/6/41 | Melissa Diane | 0/0/33 |
| Mary Lou Ct | 5/7/22 | Hillary Trail | 10/14/40 |
| Chenille Way | 1/1/9 | Louis Court | 1/1/8 |
| Adams Ct | 4/5/18 | Other attendance | 5 |

Our total attendance was 101 that represented 72 homes. This compares to the 107 people that represented 76 homes at our first meeting in November ---- about the same. Looks like Sam took the overall honors for homes, while Peg once again took the best percentage showing.

I want to reinforce one important point for all of us. The HNP is not a political group and we do not extend support or endorse any political person or organization. Our mission is about getting information to our neighborhood residents regarding crime watch and City projects/happenings.

As we discussed at our last Block Captains meeting, our next Block Captains meeting will be in early May. By late April, I'll send a notice to y'all with possible meeting times for our next meeting at my place. I may ask a couple of you to bring some folding chairs! If anyone needs name/contact info for certain residents that could be on this sign-up sheet, just e-mail me the street addresses of interest and I'll e-mail the info back to you. Or, you could just call me.

There won't be meeting minutes for such a neighborhood-wide meeting (we didn't do one for the first one either). It is just too difficult to capture all the questions/responses/ and information presented. We are going to have to rely on good attendance to keep our residents informed.

Otherwise, everyone take care and please keep your street registries in good shape!

Greg

**HERITAGE NEIGHBORHOOD PARTNERSHIP MEETING
AT WALNUT RIDGE BAPTIST CHURCH
MARCH 25, 2003**
