

Fellow Block Captains;

We had a successful HNP meeting! I did expect a higher attendance, given the two speakers that we had. But, that makes three good neighborhood-wide meetings with attendance over 100 each time ----- not bad! Appreciate y'all doing the set-up, and Amy coming by my house to pick up the meeting material. Work has really been kicking my tail lately ---- couldn't get to the church in a timely way. Good team effort!!!

Special thanks go to Russ Hart for his efforts on City project information and Julie Malone for her MISD efforts / update. After going thru the sign-in sheets, the following is the attendance tally for our 490-home Heritage Neighborhood Partnership footprint. The format for the numbers shown below indicate "homes represented / people in attendance / total homes on street".

Edgefield	4/7/48	Dobree Street	5/8/20
Dobree Ct	4/6/14	Logan Drive	1/1/17
Laura Elizabeth	6/8/34	Richmond Ct	3/4/15
Richmond Cir	8/14/41	Laura Elizabeth Ct	5/7/14
Perry Drive	9/11/55	Nugent	7/10/56
Chrisman	2/3/41	Melissa Diane	2/2/33
Mary Lou Ct	4/6/22	Hillary Trail	7/10/40
Chenille Way	2/3/9	Louis Court	1/1/8
Adams Ct	3/5/18	Other attendance	30

Our total HNP attendance was 107 that represented 73 homes. Total attendance was 137. Jim took honors for the most homes, while Peg took the best percentage showing (three meetings straight!). Regarding the "other attendance" folks, we had a few come from the neighborhood that is north of Country Club and west of Matlock. We also had a few that are along Walnut Creek, north of Country Club and the east side of Walnut Creek. Maybe the word got out regarding our MISD speaker.

We will shoot for February for our next HNP neighborhood meeting.
